The Dimmer VIEW

By MAX GOODWIN

Car thieves are becoming more conscientious according to Harry Griffen, local investor, rancher and water district director. He has a brand new, all white Ford "Ranchero" pick-up truck less than a week old of which he is justly proud.

He parked it on "C" Street between 7th and 8th to transact some business in downtown San Diego last week and when he returned the truck was gone.

He reported his loss to the San Diego Police Department and went sadly home. Next day, almost 24 hours to the minute, the PD called Griffen, reported his "Ranchero" had been impounded. It had been found that morning two blocks from where Griffen said it had been taken.

The clothes of his son Dudley, and a $30 motor were in the truck where they had been left.

The mileage indicator showed that the truck had been driven 500 miles, a sticker on the truck showed the oil had been changed in El Centro, and the tank was filled with gasoline, which compares with a half-tank the truck

Bond Issue Passage Needed For Two More Schools

More than a thousand youngsters are on double sessions now at Lemon Grove schools, Byron Netzley, school superintendent told the Men's Club Friday. He said this condition will be eased when the Palm Avenue school opens in January.

When this school opens 400 pupils will remain on double sessions, ie., an overload of 200 students which puts 400 students on double sessions.

He made a plea for support of the up-coming half-million dollar school bond issue which will be voted on October 15. Netzley said the successful passing of the issue will not increase school taxes. He said the funds were needed to complete the San Altos school in September 1958, and another school on the Morse property near the soon-to-be-completed Palm Street school in September 1959.

Friday's speaker will be Harry Silke, head of the San Diego Industrial Development Commission. All men are invited to attend the Men's Club. No membership in the club is necessary and no reservations need be made. The club meets each Friday at noon at Michael's. Telco manager Bill Parker presides.

FOOD BASKET'S OPENING SET

Lemon Grove's new $725,000 Food Basket super market will open its doors for business for the first time Monday noon September 23. Grand opening celebration is scheduled for Thursday, September 26, Lee Namechek, division manager of Food Basket, said today. Food Basket is a division of Lucky Stores, Inc.

Seventh in the Food Basket group, the Lemon Grove store will employ between 60 and 75 persons, many of whom will be hired locally, according to Glenn Botts, store manager.

Containing more than 30,000 square feet of floor space, the new store is largest of all Food Basket super markets, featuring all of the latest innovations in design and services.

The Lemon Grove Food Basket is located on Imperial Avenue between Golden and Central, south of the First National Bank Building. Land area includes 100,000 square feet and comprises the initial unit of a proposed new shopping center for Lemon Grove residents. Negotiations were handled by the Percy H. Goodwin Company of San Diego.

The architecture of the new Food Basket building, which began construction in April, is designed to harmonize with the area in which the store is located.

"Food Basket super markets have always been noted for their attractive exteriors and interiors," Namechek said. "The new Lemon Grove store is no exception. It will carry the finest quality and widest variety of Bonded meats, fresh produce and national brand groceries and frozen foods for which Food Basket has long been famous. Increased floor space will be devoted to special displays of frozen foods, and will

Noon was chosen for the opening time to assure patrons of morning-fresh meats and produce. A welcoming hand is extended to Food Basket officials by local civic leaders. In the photo are Lee Namechek, division manager of Food Basket store, shaking hands with W. Earl Smart, attorney and Chamber of Commerce president.

Looking on are Glenn Botts, who will manage the Lemon Grove market, and Abe Mukai, State District Governor for the Lemon Grove Junior Chamber of Commerce.

TANK FAILURE CHARGES DENIED

The 4-million gallon water tank in Lemon Grove is safe, Clarence Watters, Chief Engineer of the Helix Irrigation District, told district directors Tuesday.

The study was made after Richard Silvey, paid inspector at the tank, last week told the REVIEW that deflections in the $230,000.00 steel tank are dangerous and that the tank may fail.

The tank, nearly completed, has not yet been accepted from the Consolidated Western Steel Company.

"The tank is soundly designed," Watters said. "There is no problem as far as structure is concerned."

The engineer told the board that the actual deflections of the tank were measured and at on point amounted to 1 21/32nds inch.

"Measurements of deflections in the Tunnel Hill steel tank, on which Mr. Silvey was also the inspector, amounted to as much as 1 3/4 inch," he said. "There was no question about acceptance of that tank, nor of its safety."

Watters told the Directors that the deflections in the Lemon Grove tank are not caused by backfill. It is practically impossible to build a perfectly round steel tank, he said, because welding contractions always produce irregularities.

The directors asked Watters to acquire an outside firm to make a thorough check of the tank before the district accepts it.

BEAUTY—Sheryl Newkirk, 19, daughter of Mr. and Mrs. William Newkirk, 1973 La Corta, Lemon Grove, is one of 12 candidates seeking to reign over the 23rd annual Fiesta de la Luna at Chula Vista, September 25 through 29.

She is sponsored by the Women's Auxiliary of Eagles.

A brunette, Sheryl stands 5'5" tall and weighs 104 lbs. She is employed at Convair. Her ambition is to continue with a major in business.

The Fiesta queen will be selected on a point basis for beauty of face and figure, poise and personality, officials said. She will be named during a coronation ball next Saturday night at the Chula Vista Recreation Center.

Features of the Fiesta include an art exhibit, talent show, miniature car races, cake baking contest, national baton twirling competition and street parade.

COMMITTEES TO HELP RESOLVE RECREATION SQUABBLE

Way was paved Monday night for an amicable settlement between Lemon Grove Little League and a group of dissident residents in the 2200-2300 block on Washington who had petitioned the Swimming Pool Association for relief from "niose, hazard and parking" said to be caused by Little League games.

Nearly 100 interested persons turned out for the meeting at the Lemon Grove Youth Center after the Swimming Pool Association, which is owner of the property on which a community pool will be built, called the meeting to reconcile differences. The Swimming Pool Association last year gave temporary use of the property to Little League.

Swimming Pool Association president Postmaster Frenchy Faucher set a meting for early October, the date of which is to be announced later, for a four man committee from each of the factions to meet to iron out their differences.

Moderator of the Monday night meeting was V. J. Dorman, local attorney and counsel for the Association. He put down several threatened uprisings that might have gotten out of hand by keeping the meeting on a straight course. Dorman reviewed the his-

Prudential-Gold Arrow Stamps Fold

Trading stamp savers were in a tizzy this week when they found Prudential Trading Stamps could not be redeemed locally. Mayfair Markets, largest local distributor said that they had discontinued Prudential Stamps as of Monday. They substituted Orange Empire Stamps.

Mayfair officials said that redemption centers of which 2 had been in their stores in National City and Euclid Avenue, had been moved out in January. One redemption spot located in a building adjacent Mayfair on Euclid closed Tuesday of this week

J. M. Poland, 6350 Mesita Drive, and Glenn "Bud" Murray, Challenge Blvd., El Cajon, franchise holder for Gold Arrow and Prudential Stamps, respectively said they had relinquished their connection with the firms last week. They said as far as they knew "all redemption stations had been closed for re-organization."

Mayfair officials said the firms operated offices at 5556 W. Washington Blvd., Los Angeles 16.

To Reward Most Pleasant Clerk

If Lemon Grove salespeople appear happier than usual next week, there's a reason.

A Lemon Grove Boosters Club secret panel of judges will choose a local salesperson as the one having "the most pleasant smile."

The judges, to be named by Boosters President Jim Spears, will come from the board of the Boosters and from this newspaper. The judges will circulate among local shops during the week of September 23-28 and the winner, or winners will be named the following week.

SCHOOL DISTRICT RESIDENTS TO VOTE ON $4½ MILLION ISSUE

Grossmont Union High School District Board took formal action at their last meeting calling for a school district bond election not to exceed $2,000,000 and authorized an election to receive a State loan not to exceed $2,500,000 in order to finance a school building program estimated to cost $3,652,000. The date set for the election is Tuesday, October 15. The building program includes replacement of inadequate facilities at the Grossmont High School, completion of a new high school in Lakeside to serve the Santee-Lakeside-Alpine and Hiway 80 areas needed to reduce the overloads at El Cajon Valley and Grossmont High Schools, addition of approximately 10 classrooms at Helix and El Cajon Valley highs to expand capacity and prevent overcrowding, and purchase of an additional high school site in the eastern El Cajon Valley area.

Two Bands To Head Up Kids Day Parade

There'll be plenty of music, pom-pon and flag corps girls in the Lemon Grove Kiwanis Kids Day Parade Saturday, September 28 when it starts from in front of the fire station. There'll also be a multitude of youngsters on bikes and in chariots, on floats and marchers in costumes.

The music will be supplied by 35 members of the junior high school band and 65 members of Mt. Miguel high school band. Pom-pon and flag corps will be from both schools.

There is no way of telling how many youngsters will take part in the around-the-business-block parade but Freeborn Cressy, parade chairman for the Kiwanis Club said that his group was planning to handle more than a thousand.

The parade will leave the fire station at 1 p.m. and march down School Lane, west on Golden to Imperial, north on Imperial to Broadway, East on Broadway to Kempf, up Kempf to the east side of junior high school playground. Judging will be held at the playground. Refreshments will be served there, too.

Robert C. Kirkwood, State Controller, announced that under a new law, 53 California school districts will be granted deferments in loan repayments to the State amounting to almost $1 million in the fiscal year 1957-58.

Kirkwood said that when the combined tax rates for state loan repayment and for eligible issues of school district bonds exceed 45 cents per $100 of assessed valuation, the new law requires the State Controller, upon petition of the school district, to defer a part of the annual loan repayment.

Original repayment billed to the 53 districts for the current year amounted to $3,208,487. Under the new law, $955,614, or 29.8 percent, will be deferred, leaving a repayment of $2,252,873 to be collected this year.

"The law applies to school districts which have received state loans under the State School Building Loan Program of 1952," said Kirkwood. "For the most part, districts benefiting from the legislation are rapidly growing school districts which have received aid under both the 1949 and the 1952 State School Building Aid Programs, resulting in sharp increases in their local tax rates for bond interest and redemption, and for State loan repayment."

Kirkwood emphasized that the amounts by which repayments are reduced remain a liability for the school districts. The deferred amounts are added to repayments for the following year, when they may again be deferred in accordance with the formula established by the new law.

Most school districts put up an immediate howl because the new tax rates computed by the auditors office did not give those districts the major tax relief they had expected from the new legislation. The county auditor's office said that the state auditor's office and six affected school districts had "acted in good faith" regarding the legislation.

Carroll Smith, a deputy county counsel said that the auditor's office computed the tax rates on the basis of figures supplied by the state controller, as required by law.

Byron Netzley, superintendent of the Lemon Grove School District said that Lemon Grove bond cost would be 49c instead of 45c, one of the smallest over-rides of the six districts.

He pointed out that this rate was not based on "forgiveness." It is, as the bill states, a deferment. He opined that the state could, and probably would adjust the cost downward in amount of taxes per year, but the tax would be spread over a longer period of years.

TOP MOVIES SET FOR CHANNEL 10

SAN DIEGO, (Spcl) — Beginning Friday, KFSD-TV (Channel 10) will begin programming from the most comprehensive film library of any television station in America.

KFSD-TV recently purchased the San Diego rights to the widely sought "MGM package" of over 800 recent movies, including such film classics as Academy Award winning "Mutiny on the Bounty," Goodbye, Mr. Chips," "The Good Earth," "Mrs. Miniver," "The Philadelphia Story," and "San Francisco."

The "MGM package" also includes all the Wallace Beery features, the outstanding Clark Gable pictures, and the long-remembered classical literature series, "David Copperfield," "Little Women," and "Captain Courageous."

What makes the KFSD-TV film library the most extensive in the nation, however, is the station's acquisition also of the United Artists TV film package, known in the trade as "The Fabulous Fifty-Two." This group of films which has only recently stopped running in movie theaters. Included in this group are "African Queen," "Champion," and "Moulin Rouge," as well as "Jane Eyre" and many others.

Station officials say that if these films were run continuously on a round-the-clock basis, it would take more than a month and a half to show all the pictures. Actually, the films will be made available to the viewing public over a five-year period, and films will be re-shown at different times so that all will have a chance to see them.

Report Given On 4-H Convention

By LORAINE LUCAS

When the 4-H delegation from San Diego County went to the State 4-H Convention we had an early start at 3 a.m. We arrived at the Davis campus of the University of California at 8 p.m., just in time to eat and get settled in the dormitories. The next morning the convention actually started in full swing. Assemblies were held each morning and evening at which announcements were made, 4-H songs were sung, and many 4-H members displayed their musical and vocal talents. Many "International Farm Youth Exchange" program people gave interesting accounts of farm life in their native countries. The activities of the convention were well planned. We could choose from talks, laboratory visits, and field trips to get a well rounded program. Wednesday, all twelve hundred delegates went to the State Fair, where we marched in uniform in front of the grandstand and toured the fairgrounds with our friends.

Thursday, training sessions were held on many topics; "Teen Problems," "Personality," "Your 4-H Career," "Lead Singing and Recreation in Your 4-H Club."

A dance was held Thursday night.

Our San Diego group left Friday morning for a tour of San Francisco. The small group of weary travelers arrived in San Diego at 3 p.m. Saturday.

We'll never forget our attendance at the convention, and I hope next year's delegates will have as much fun and learn as much as we did from this wonderful experience.

Mrs. Bert Cosby of Lemon Grove was leader.

The lads skinned ole' rattler, as shown in the picture above, and he'll be rolled up and returned to Germany with Bohn. —Tappy Foto.

GROSSMONT HOSPITAL AUXILIARY RESUMES MEETINGS THIS WEEK

This week marked the resumption of area meetings for Grossmont Hospital Women's Auxiliary, after recessing during July and August. The Lemon Grove unit met on Tuesday morning in the home of its chairman, Mrs. W. K. Phillips; with Mrs. Don Lowe officiating as co-hostess. Mrs. Lee M. Green is entertaining the Spring Valley group on Thursday; the area's chairman, Mrs. N. T. Henkel, presiding.

Both meetings covered a similar agenda, based upon proceedings of the executive board meeting, held last Friday, with stress being placed upon participation by and implications for each area.

Members were urged to make reservations if they wish to attend the Fourth Annual Harvest Ball in El Cortez Hotel on October 5, as reservations must be limited to 450 (225 couples); also, to return promptly, any unwanted tickets, as well as to register with the ticket chairman, Mrs. George A. Nelson, the names of any friends who may attend, in order that returned tickets may be allotted to them.

How we gear telephone service to protect your family in emergencies. To guard essential phone services against emergencies of all kinds, telephone people plan ahead continually. Here are some of the things we're doing: We're completing alternate communications routes around key cities. And most main cables are now underground. They could withstand a terrific battering. Phone buildings are widely scattered and built extra strong. They are among the sturdiest standing. But were a vital link knocked out, we have plans ready for quickly restoring essential services. And within the company we've set up alternates for key jobs. We test these precautions often. As needs change, we change with them. For we want to be sure communications vital to your safety are ready if they're needed.

Working together to serve you better ....

"MATTER" WILL BE LESSON-SERMON SUBJECT

Man's God-given dominion keynotes the Lesson-Sermon on the subject of "Matter" in all Christian Science churches on Sunday.

The account of the healing of the nobleman's son is related from John's Gospel (4:49-53). He besought Jesus, "Sir, come down down ere my child may die. Jesus saith unto him, Go thy way; thy son liveth. And the man believed the word that Jesus had spoken unto him, and he went his way. And as he was now going down, his servants met him, and told him, . . . Thy son liveth . . . So the father knew that it was at the same hour, in the which Jesus said unto him, Thy son liveth: and himself believed, and his whole house."

Many trade groups, including beauticians, laundries, canners, advocate soft water for best results, says the Water Conditioning Research Council.

SV Showgirl Back From Far East

Carol Prasser, daughter of Mr. and Mrs. Charles Prasser of 1951 Avon Drive, Spring Valley, and the "Kids From Home" returned to the United States recently after a 25,000 mile trip through the Far East. Flying most of the way, the group had 90 flying hours to its credit.

The "Kids From Home", a musical and variety show, sponsored by Defense Department, is under the direction of Dr. Schuler, musical director of Amherst College. The show is produced by Jack Dolph, a director of the Fred Waring Show. The choral group of the "Kids From Home" uses Fred Waring arrangements. Besides the choral group the show takes in singing, dancing, baton twirling, pantomime, instrumental numbers and an 18 piece band. The group toured Europe last year. All the arrangements for the tour were made in Washington, D. C.

The Far East tour this year took the group to Japan, Korea, the Philippines, Formosa, Okinawa, Guam, Kwajalein, and the Hawiian Islands. They presented shows in Army, Navy, Air Force and Marine Bases. Two special shows were presented at Taipei, Formosa, in the Town Hall. As most of the audience was Chinese, an interpreter was necessary. Many of the Chinese officials were present, Carol said, and the group was made more than welcome.

Carol said the "Kids From Home" were welcome in every country they visited. Government officials were always on hand to greet them and they were treated royally and given many privileges. As for eating, well . . . . can you imagine having steak for breakfast every day.

An interesting side trip taken by the group was a visit to the home of the pygmy in the Phillippines. Carol said she didn't see how those tiny people lived; there was filth everywhere, and they are living as they did hundreds of years ago. But one thing the pygmy has learned, Carol pointed out, is to bargain. When the group wanted to trade with the tiny people it was found they wouldn't budge a cent on their prices. But their living conditions, said our Spring Valley traveler, make you want to help them, particularly with money. That is the answer to many of their problems.

Another interesting event for the group was a visit to Suehiros (Japanese restaurant) in Tokyo, Japan. Twenty six of the group crowded in at the same time, taking off their shoes of course, and sitting on the floor before those tiny tables.

Suehiros serves all native food. Carol said she enjoyed the food, but had a difficult time with those chop sticks. She finally had to ask for a knife and fork.

All in all, the "Kids From Home" were of the opinion the Far East tour was much more adventureous than the European tour.

Carol said the Defense Department is planning two shows for 1958, one in Europe and the other in the Mediterranean area. She is in hopes of taking the Mediterranean trip. She said that although she enjoyed the Far East trip, she saw enough of the way people live in other parts of the world to make her appreciate the good old United States of America. . . . . and of course Spring Valley!.!

Square Dance News

MERRY WHIRLERS

Get out your prettiest calicoes and snappiest levis and sashay out to the Woman's Club, Gillespie Field, in El Cajon Sunday for the gayest time of your life at the "Harvest Dance" of the Merry Whirlers. Dancing will begin promptly at 8 p.m. to the lively calling of Clarence Montgomery. Members are requested to bring a box lunch packed as pretty and gay and inviting as possible to be auctioned off to the highest bidder.

The new square dance class sponsored by the Merry Whirlers, with Clarence Montgomery instructing, got off to a good start last Friday at the Bancroft School in Spring Valley. However, class will be held open for new beginners for three weeks so there is still time to start.

Due to the illness of Johnnie Graham, program chairman, who had to resign her position, Jessie Porter has consented to take over those duties officially. Wilmer Guimond will take over the duties of treasurer, the position formerly held by Jessie Porter. Harold and Pat Poiset had to cut their vacation short due to an accident in Arizona, but they are all back home now in good condition and hope to be back dancing at the "Harvest Dance" next Sunday.

The Country Squares have issued an invitation for all Merry Whirlers to join them as their guests September 27, at the El Cajon Library Hall.

SQUARE EIGHTERS

September 25 will be "Hillbilly Jamboree" at the stroke of 8, make a date, to catch that "Hillbilly Fever Thats Running Wild" at the American Legion Hall in La Mesa.

COUNTRY COUSINS

Roy Columbe will be caller Saturday night for the Country Cousins when they dance at La Mesa Junior High at 8 p.m.

The group has opened a beginners class instructed by Del Lake. It is held every Monday night at 8 at Spring Valley Junior High. Baby sitters are provided.

There is still time to join the beginners' class at the Bancroft School in Spring Valley on Friday nights at 7:30 p.m. Classes will be held open for another two weeks. For those who have had difficulty in finding the new Bancroft School, turn south onto Bancroft Rd. from Campo Rd. (Highway 94) at Tresser's Market, and go as far south as possible until you see the school. Clarence Montgomery, the caller and instructor, also plans to teach a few of the round dances in conjunction with the square dances.

School District Residents To Vote

(Continued)

6760, indicating that the estimated enrollment for this year of 7,000 would be exceeded in a few weeks. The estimate for the individual schools is as follows: Helix 1400; Mt. Miguel 1540; El Cajon Valley 2025; Grossmont 2075.

Transportation

The Board of Trustees considered a request for transportation by parents of students living within the 2½ mile zone of the new Mt. Miguel High School. Hazardous conditions caused by narrow roads, lack of sidewalks or walkways and the heavy traffic on Sweetwater Avenue, caused the Board to request patrol of the areas of Sweetwater Avenue and adjacent streets by the California Highway patrol, to reduce speeding and to appeal to the County Board of Supervisors for widening of Sweetwater Avenue and development of walkways.

Showers

Because of the lack of shower facilities at the Mt. Miguel High School, the Board authorized an emergency swimming program at the La Mesa swimming pool until showers are available. It is anticipated that showers for the boys will be ready within two weeks, but the girls will be delayed until December. The swimming program will be limited to 60 students, the capacity of both pool and one bus will be provided. The total cost of the program was estimated at $2,500.

Assessed Valuation

Harold Hughes, associate superintendent, reported the assessed valuation and tax rates for the 1957-58 school year as follows: Unsecured valuation $6,386,440; secured valuation $128,138,860; Total $134,525,300.

Tax rates for 1957-58 as compared with 1956-57 are as follows: (per $100 assessed valuation). Current operation 1956-57, 1.0282, for 1957-58, 1.1216; Retirement, 1956-57 .0799, 1957-58 .0751; Debt service local bonds 1956-57 .3660, for 1957-58 .3566; repayment of State Loan 1956-57, 2607, for 1957-58, .1636; High School rate 1956-57 1.7348, for 1957-58 1.7169; Junior College 1956-57 .10, for 1957-58, .12.

Former Columnist Gets On Gravy Boat With Dream Boat

Ever try to crowd three weekends on just one weekend? Exhausing, isn't it? Our former BULLETIN & REVIEW columnist-turned-actor Bob Turnbull did it last week. Bob was down from Filmland with his girl-friend, starlet, Yvonne Lime. Bob and Yvonne flew into Lemon Grove (flew, that is, in a new Corvette) Friday morning. Then the race started. They taped a radio show for "Margie" on KGB. It can be heard Wednesday, October 2 at 12:15 p.m. Then they guested on the Lynn Taylor show for Channel 10. That night Bob, Yvonne and his parents, Dr. and Mrs. Lloyd Adams, attended the Tenth Annual Atlas awards dinner of the Old Globe Theatre.

Saturday noon the couple took in the sights of the San Diego Children's Zoo. Some pictures were taken for a movie magazine article. Later that afternoon they were on the panel of "Teen-Age Dance Time" on Channel 8. That nite they took in the USD vs. Barstow Marine football game, won by the local Pioneers 20-13.

Reverend Dan Apra welcomed them Sunday morning at the First Congregational Church. In the afternoon they got their feet wet at La Jolla Shores and then went to the Greyhound Dog Races in Tijuana, plus dinner. A show that night completed the round-robin of exciting events that impressed Yvonne to the fact (we like to consider this an obvious fact) that San Diego, and especially Lemon Grove, are liveable communities far exceeding Hollywood. Bob readily agreed. (He'd better.)

In Monday's daily film trade magazine, "Hollywood Reporter," Mike Connolly, reknown movie article writer, wrote, "Bob Turnbull loses Yvonne Lime to Gary Clark in "Teenage Rumble" but has her sewed up steady off-camera."

had when Griffen lost it.

Note comes to my desk from one of the fellows in the back shop. There's a sign in the front window of one of the shops in downtown San Diego which reads "SWITCH BLADE KNIVES—40% OFF," he says.

His personal observation, "Murder at bargain prices," is added.

A few issues ago we columned a piece about beer cans along our roadways and the responsibility we feel that should go to the ber makers for aiding in policing them up. Several indignant citibens agreed with me, some urgzens agreed with us, some urging a penalty of prison terms for

One reader, to show how widespread the unsavory art of cantossing has become, tipped me off on some back-up material that was shocking.

He said (and I checked it out and found it true) that when a one block area on both sides of Imperial was cleaned recently to make way for the new market to be opened next week, eighteen truckloads of cans and bottles were hauled away to the dump. Imagine that! Eighteen truckloads! That's enough wine, liquor and ber to give a hangover to every man, woman and child in Lemon Grove for a month.

This has the tendency to prove recent charges made by the Methodist Temperance Union that one dollar of every twenty five spent in the U. S. went for alcoholic beverages!

Lions To Take On 'White Canes' Project

September 27 and 28 have been proclaimed White Cane Days throughout the State of California.

In making the proclamation, Governor Goodwin Knight urged citizens to support the Lions Clubs of California in their annual project aimed at securing funds for sight conservation projects, and aid to the blind.

The Lions of District 414 which includes Spring Valley and Lemon Grove are making an all-out effort in this year's drive, according to Forrest Baxter, District Governor, who lives in Lemon Grove. There are 50 Lions Clubs in District 414.

Funds will be raised through the sale of miniature white canes, the badge of the blind and partially sighted. Nearly half a million dollars has been raised and distributed through the efforts of this drive during the last five years. It is an official project of District 4, California - Nevada Lions.

Lemon Grove Lions will sojourn to Guatay Park September 29 with family, friends and other Lions for an all day outing, president Dr. Calvin Nicholl announced.

He also said that the club had inducted two new members during the past week. They are Earl Nelson, manager of the Highlander Store for Men, and Allen Laughn, a fountain service salesman.

Other item of social note is the annual Halloween Party which is scheduled this year at Michael's on October 26. Party will be limited to 75 couples. Dinner will be $3 per person. Valuable prizes, as in years past, will be given for costumes, Dr. Nichol said.

Bob Kerrigan, the San Diego Padres baseball player who piched the home team to a Pacific Coast League pennant in 1954 is now a Lemon Grove business man. He was pitching three days a week the year the Padres won. O'Doul was manager of the team and he left it up to the rest of the players as to who would pitch the fateful game which would decide the championship. The players chose Kerrigan who had a season average that year of 17-12. With two days' rest he pitched the team to a 7-2 victory over the Hollywood Stars. He came to the Padres in 1947.
Kerrigan is shown being welcomed to the Grove by W. Earl Smart, local attorney and president of the L.G. Chamber of Commerce. Kerrigan's place of business is the liquor store at 2855 Imperial. —Tappy Foto.

include one of the largest selections available anywhere in the state.

Bakery, Too

In addition to meat and produce sections, there are special departments for groceries, drugs, sundrie, fancy food and bakery goods. All baking is being done on the premises so that only fresh baked products will be sold daily. The new super market will handle a wide range of choice foodstuffs.

Assisting Store Manager Botts is Walter Berberich. Leo Duncan is night manager. Dick Tarpening will handle the meat department, while Pete Najera will be produce manager.

Special attention has been given to ample "wrap-around" parking facilities. To increase shopping pleasure, "magic-carpet" doors, which open and close electronically, have been installed. Automatic weight-computing machines will minimize possible errors in packaging. A special check-cashing booth has been included, and checkout lanes have been designed for speed with minimum delay. Filtered, washed air will add to customer comfort in the air-conditioned store.

Food Basket was founded in 1949 and, built its first store at El Cajon Boulevard and College Avenue. The six existing Food Basket stores located in Point Loma, Pacific Beach, Chula Vista, La Mesa, University Avenue and College Center, now have a volume of over $20,000,000 with 300 full-time and 100 part-time employes.

A new Food Basket store in El Cajon is now under construction, Namechek said. Further negotiations are being made for two additional super market sites in San Diego county.

To enable the local super market chain to expedite its expansion plans with additional financial resources, Food Basket merged with Lucky Stores in June 1956. Today Lucky Stores has over 100 units, with an annual volume of $150,000,000. Each division, however, maintains its own operating autonomy and marketing policies.

Committee To Help Resolve Problem

(Continued)

tory of the Association, explaining how the group was formed for the express purpose of utilizing the property for a swimming pool. He said the Association had agreed to permit Little League the use of it while funds were being raised to install the swim facility.

Spokesmen for residents along Washington were Stanley I. Vilcone 2360 Washington, and A. W. Oliphant, 2295 Washington. They described noise, batted ball hazards, property damage resulting from retrieving balls, and parking problem induced by some 500 Little League spectators. Oliphant said a suitable Little League site is available near Monterey Heights school.

Spokesmen for Little League were League President Carmen Ursillo and past president William Allen, pointed out noise and hazard were no greater than that of a swimming pool, and that certain changes had been planned to eliminate the hazard and reduce noise. Ursillo said the League wanted to cooperate in overcoming objections.

V. J. Dorman said some changes which would reduce the nuisance should include utilizing the remainder of the swimming pool property for parking with an entrance on Mt. Vernon, blocking off Washington Street entrance; reversing direction on the field so that balls may be hit away from complainants' homes, and erecting a link fence around the park to stop unsupervised activity.

Faucher requested four members from each group to sit as a committee. He said that Dr. Willis Miller, county planning director and Biff Gardner, county parks director would be asked to join in providing an answer to the recreation question.

Grants Plan 'Open House' For School Personnel

An open house for Mt. Miguel faculty and staff, and their spouses, will be held Sunday at 2 p.m. at the home of the school's principal, Melvin C. Grant, 8565 Gateside Road, La Mesa.

Vice principal Virgil Duea and his wife will form an informal reception line with the host and hostess. Assitant hostess will be Mrs. Lawrence Christianson and Mrs. Thomas Welbaum. Invited to preside over the punch bowl and the tea service are the four counselors or their wives, heads of the departments; and the wives of the District Superintendent of Schools and the Assistant Superintendent: Mesdames Lewis F. Smith, Harold Hughes, Robert Spencer, Thyrsis Field, Gene Gwin, John Kleinfelter, Robert Hogan, Craig Warmer, Donald Tarr, William Ketler, Edward Villarreal, Ben Duea.

HADLEY BUYS JET TOOL

Grant Hadley, long time civic leader and business man, has become sole owner of Jet Tool, Inc., one of Lemon Grove's few manufacturing firms. Hadley bought out his partner in the tool manufacturing firm, James Snodgrass. Hadley and Snodgrass had been associated since the firm was formed 11 years ago. Snodgrass plans to take a long rest, he said.

The Jet Tool Company is manufacturer of a specialized line of high grade wood cutting tools which are marketed nationally. The company is also sub-contractor on precision work for major aircraft and other industries throughout the Southwest area. In the specialized field of carbide door lip cutters Jet Tool supplies more than 40% of the national demand.

"We are expanding our sales planning on the line of wood working tools," says Hadley. "Also, the Junior Jet line of cutters, primarily designed for use in hobby home shops, will be more strongly promoted."

The reorganization of Jet Tool Inc., with Hadley as sole owner, was effective September 3.

Little League Basketball Planned

24 B of A BRANCHES SERVING SAN DIEGO COUNTY
This long-time San Diego County resident, businessman and civic leader is typical of the nearly 5,000 local people who own stock in Bank of America. They're well-informed on local conditions, from retail business to city planning. And, like *all* our shareholders, they have a voice in the policies and administration of our bank. So they're able to help Bank of America branches in San Diego County *specialize* their services to meet local needs. In addition, with the dividends they receive on their B of A stock—a total of more than $910,000 last year alone—they can buy more goods and services from local people. That's another reason we say our bank is statewide, sure . . . *but local, too!*
